MANY MERCHANTS ATTEND BANQUET

HEAR ADDRESS BY FRED P. MANN OF N. DAKOTA.

GIVES BUSINESS METHODS

Is Head of the Largest Country Retail Business in the United States

Over one hundred merchants and persons interested in retail merchandising attended the Chamber of Commerce and Advertising Club banquet at the First Methodist church last night. Everyone present said that it was one of the most interesting meetings held in a long time.

George L. Wilfley, president of the Chamber of Commerce acted as toastmaster for the evening. The main speaker of the evening was Fred P. Mann big country merchant of Devils Lake North Dakota and president of the N Dakota Retailers' association. The greater part of his address was given over to relating experiences of his business career and many of the methods used in building up such a large volume of business in a small country town. He had with him many exhibits of advertising plans and stunts that had been successfully used in his store Mr. Mann started his store twenty eight years ago with a borrowed capital of $1600. Today Mann's store is capitalized at $400,000, doing an annual business of over $600,000. It is now a general department store with six departments of groceries, shoes, Men's furnishings, ladies' ready-to-wear, hardware and dry goods.

Mr. Mann also talked briefly on his work as president of the North Dakota Retailer's association. He spoke of its work in competing with the mail order houses and some experiences that they had had in politics in their state.

Everyone present seemed to be very interested in his talk. They listened attentively an dafter his talk held a round table discussion and many persons asked him questions on merchandising subjects. There were several merchants from adjoining towns present to hear Mr. Mann including

From Hopkins there were Mr. and Mrs. A. F. Mutti and Mr. and Mrs. E. R Brown. C. G. McMillen of Pickering was present. A party of eight from Grant City drove over to attend. The party was headed by Editor D. C Simons of the Worth County Tribune and included, W. E. Hotaling, J. B Spainhower, John W. Willhite and Jesse Tandy of the J. B. COURT ADJOURNS TO HONOR CRAIG

FORMER CIRCUIT JUDGE RECEIVED WELL WISHES OF THE BAR.

WHOLEHEARTED WELCOME

Judge Gallatin Craig Surrounded by a Host of Friends Speaking Words of Good Cheer.

A pleasing incident occurred in the Circuit court room yesterday afternoon. It threw all the members of the bar who were present into a reminiscense mood. On the motion of Judge W. C Ellison, Judge Gallatin Craig's name was ordered enrolled as a member of the bar. Judge Craig desired this to be done on the first day of the first term of court held after his return home from a long absence.

The enrollment was ordered by Judge Dawson with the hearty and joyous approval of the legal fraternity. Judge Craig comes back fully restored to health, and has been received with a welcome that is cordial whole hearted and universal.

This judicial district has never had a judge who was better liked. His administration of the office proved him to be fair, impartial and amiable jurist ranking among the best. That his useful and kindly life may be spared for many years is theearnest wish of every body in the community.

Judge Craig was not present during this ceremony, being unavoidably detained elsewhere. But this morning his presence in the court room was noted and Judge Dawson immediately ordered court adjourned for one hour, in his honor, and to the end that he might receive the congratulations of the members of the bar. Promptly on the order of adjournment being entered, Judge Craig was surrounded by a host of friends shaking his hand and speaking words of good cheer and friendship

TEACHERS TO FORM COMMUNITY ASSN.

STATE TEACHERS COLLEGE FACULTY ORIGINATE MOVEMENT

MAKE BETTER WORKERS

All Teachers and Prospective Teachers Asked to Join—Interesting Assembly Program Given

A community association of which the members will be the faculty of the State Teachers college and all students or persons in the community who expect to take up teaching as a profession, will be formed at the college. Announcement of the plan was made this morning by President Richardson at the college assembly.

This association is to be formed for the purpose of making better teachers and for promoting plans which will tend to improve both school and community conditions which relate to the teaching profession and which will be of mutual benefit. The full plan of organization will beannounced later. All persons and students in the community who expect to become teachers are invited to join.

A very interesting program was given at the assembly. President Richardson also urged the students to observe thrift week and follow the rules of thrift at all times.

Prof. Henry A. Foster and Rev. R E. Snodgrass each gave talks on present day conditions. Mr. Foster spoke from the head "Industrial Conditions" telling of the general social unrest and bringing out many phases of the subject of interest to the students. Mr Snodgrass talked on religious conditions discussed the inter-church movement bringing out the thought that organic unity and not federation of churches was desired to bring about the greatest result for good.

DR. ELLIS MAKES MEDICAL DISCOVERY

FORMER MARYVILLE PHYSICIAN FINDS PERNICIOUS ANAEMIA CURE

STARTLES MEDICAL WORLD

Is now Resident of Denver—Medical Profession of World Attracted by Discovery.

To Dr. Charles Arthur Ellis, a former Maryville physician now living at Denver, Colo., is credited the discovery of a cure for pernicious anaemia, a discovery which is attracting the world wide attention of scientists and physicians. The following article relating to the cure, will be of interest to his old friends here.

Denver.—Dr. Charles Arthur Ellis, Denver physician, has declined to outline what progress has been made by himself and other prominent physicians of this city in their search for a cure for pernicious anemia.

The eyes of the medical profession have been on Denver for some weeks, following the reported discovery by Dr. Ellis and his colleagues of a treatment that it is believed will afford a permanent cure to those suffering from lack of a proper supply of the little red corpuscles that carry oxygen through the human anatomy.

"It is too early to speak positively of the discovery," Dr. Ellis is quoted as saying, and he intimated that no announcement will be made u ntil entire success is assured.

In one instance, however, a young man who had been practicall y considered a hopeless case—he was given only a few weeks to live by several physicians— received such benefits from the newly discovered treatment that he passed a fine physicial examination for the United States army.

The treatment, it was learned, consists of a serum injection, the serum being a substance that destroys the germ that kills the corpuscles in the blood.

Frank W. Elstrand a prominent druggist, of Salina, Kan., declared that the Mayo brothers, renowned surgeons had told him that nothing could be done to save his life. Hearing of the new Denver discovery, Ekstrand came to this city and after a course of the serum treatments declared that he was practically cured.

Pernicious anaemia results from the loss of blood. It is said that a healthy person totes around some four and a half million little red corpuscles to each cubic centimeter of blood. The corpuscles carry the blood through the system. Where pernicious anaemia develops, the corpuscles dwindle to a million or less when the afflicted person dies from utter weakness.

MAKING PHOTOS OF SOLDIER GRAVES

RED CROSS FULFILLING LAST OBLIGATION TO AMERICANS

3 COPIES TO NEXT KIN

No Application by Family Necessary—Photographs Cannot be Purchased Taken Months of Work to Accomplish

Washington, Jany 20.—After months of preliminary work the American Red Cross is now engaged in fulfilling a last obligation to the American fighting forces who fell in the world war and to their families. To the relatives of each man whose body now rests overseas, as far as humanly possible, there is being sent a photograph of the grave of their soldier boy as a keepsake of him and enduring memento of his great part in the struggle for liberty.

Ever since casualties among the American forces began to occur Red Cross photographers working with the Graves Registration Service of the Army have been systematically making individual photographs of every identified grave. The photographs have now been assembled at national headquarters of the Red Cross where the department of communication staff is painstakingly checking them over and forwarding them, enclosed in suitable covers bearing inscriptions of the name, rank, organization and resting place of the soldier, to the next of kin, according to the latest information in the possession of the war department.

From beginning to end the Red Cross is working entirely under the supervision of and according to the regulations of the Graves Registration Service and every possible precaution is being taken by both the army and the Red Cross.

Three copies of each photograph are being forwarded to the next of kin as designated in the best available army records. No application by the family for these photographs is necessary and they cannot be purchased. It is suggested that when additional copies are desired by the family or for friends the recipients of the originals have the extra copies made by a local photographer.

The Red Cross has no share in the registering of or care of the graves or the final disposition of the remains of soldiers. All questions bearing on these matters should be addressed to Col. Charles C. Pierce, chief, Graves Registration Service, War Department, Washington, D. C.

"A Stitch in Time Saves Nine"

Did you ever stop to think how much that homely old saying means?

It doesn't just apply to mending clothes—It means all kinds of THRIFT.

It means that a little money saved from time to time is likely to prevent the loss of a large amount sometime.

For example, people sometimes drop insurance policies after paying for several years just because they are temporarily short of money.

If you will deposit a small sum regularly in the Savings Department you will always have money to protect your insurance or for other necessities. Or it can be made the foundation of a real fortune.

This bank pays 4 per cent interest on savings accounts.

CALUMET

—gives better bakings that go further. It strikes straight at the root of extravagance—waste—and reduces living cost in a sane, sensible, worth while way.

Calumet Baking Powder never fails to properly raise all bakings. It never fails to produce the best of results. It always

Makes Most Palatable and Sweetest of Foods

Calumet bakings *do* go further, because they are deliciously good, are never thrown away. *And* because they have greatest of keeping quality — stay moist, tender and oven-fresh for days and days.

Calumet makes your baking powder money and your baking material money go further — stretches it to the extreme of economy.

You save when you buy it—moderate in cost. You save when you use it — has more than the ordinary leavening strength—therefore you use less. You save materials it is used with—there is never a bake-day failure.

Generations of good cooks have used Calumet — because it positively proves its superiority and economy. Is unfailingly dependable. It comes to you from the largest, finest, most sanitary Baking Powder Factory in the world — absolutely pure and as perfect in leavening power as the day it left the big Calumet Plant.

Contains only such ingredients as have been officially approved by United States Food Authorities. Sold by your grocer under a definite money-back guarantee, if it doesn't prove "best by test"—in your own kitchen, in *any* baking.

BEST BY TEST

Remember when you buy Calumet, you get a full pound, if you want it. 16—not 12 ounces.

"The Black Gate" at Electric Theatre.

To say that "The Black Gate" is intensely dramatic and holds the audience from the first flash inadequately describes the Vitagraph feature in which EarleWilliams is starred. It is a feature that keeps you guessing. Who murdered Allan Bowen? At one moment you think you can place your hands on th eculprit and thevery next you are in doubt.

"The Black Gate" was shown at the Electric theatre last night. There is a punch and pep in the feature that is sure to please the most critical.

The story is unusual. It is unlike other detective stories where the hero is browbeaten by burly officials and convicted by circumstantial evidence, later to be acquitted. In this case the hero is master of the situation at all times. He has a master mind and is suspected of the crime because he so desires it. He makes clews that point to him at a time when the police are on another trail.

Earle Williams is given a role in Shaler Spencer that calls for all the skill, quick wit and cleverness he possesses. It is a fighting role, wherein the leader must fight a mental battle with odds against him.

NATIONAL JUVENILE ESSAY CONTEST

IS TO BE UNDER AUSPICES OF WAR DEPARTMENT.

OPEN TO ALL SCHOOLS

Contest Will End on April 19 Next—Three Medals to be Given.

Washington.—Secretary of War Newton D. Baker, General John J. Pershing and General Peyton C. March, composing a board of award, will announce to the awaiting juvenile world on April 19, next, the names of three medal-winning school boys or girls, who, on February 20, 1920, wrote the best essays of all the school boys and girls of America, on the subject: "What Are the Benefits of an Enlistment in the United States Army?"

The contest is under the auspices of the War Department but the newspaper, Come Back, the official organ of the Walter Reed Hospital in Washington ,asked permission to purchase the prizes. This permission was granted and the school children are really competing for prizes that were provided by maimed and injured soldiers now at Walter Reed Hospital.

There is no age limit in this contest and the little seven year old girl in Santa Barbara, Cal., has the same chance of winning a prize as has the nineteen year old high school boy of Baltimore.

New York state has many times the number of school pupils that Nevada has, yet the chance of producing winners in each of these states is exactly the same.

Essays will be written in the class rooms on Friday, February 20, 1920, from notes if desired.

No essay will be more than foun hundred words in length.

Pencil, or pen and ink, may be used but the essay will be written on only one side of the sheet.

Essays will be judged strictly on a basis of (1) originality, (2) expression, (3) sincerity.

Each school will be judged of its own product. The principal of each school will appoint a board of three judges to select one essay as the entry from his school. He will then forward the entry, not later than February 27, 1920, to the army recruiting station nearest his school.

The district recruiting officer will appoint a board of three judges to pass on the essays submitted by the schools of his district. One will be selected as the best and will be forwarded to Washington as the district's entry.

From the entries of the fifty-six districts Secretary Baker and Generals Pershing and March will select three national winners. These winners may be boys or girls, of any color, of any age.

Ask your father or your brother to tell you something about our new, democratic peace time army. If they do not know write to the nearest recruiting station for literature.

It may mean a free trip to Washington for your mother and you, with a medal for yourself and a beautiful cup for your school and you'll be envied by millions of children. It's the chance of a lifetime!

RAILROAD LEGISLATION BEFORE MARCH 1ST IMPROBABLE.

Washington, Jan. 20.—Passage of railroad legislation prior to return of railroads to private owners on March 1st today seems improbable. The leaders of both house and senate look upon the final passage of either the Esch or Cummins bill before that time with uncertainty. Some go so far as to say it is an impossible task.

Mrs. and Mrs. George C. Toel of St. Joseph spent the week end in Maryville the guests of Mr. and Mrs. O. C. Hanna. Mr. Toel returned to St. Joseph Sunday night but Mrs. Toel remained until this afternoon when she returned to St. Joseph.

Advertising a Sale

You don't leave your automobile in the middle of the road and go to a fence post to read a sale bill, do you? Then you don't expect the other fellow to do it.

Put an advertisement in this paper, then regardless of the weather, the fellow you want to reach reads your announcement while seated at his fireside.

If he is a prosperous buyer, you'll have him at your sale. One extra buyer often pays the entire expense of the advertisement, and it's a poor advertisement that won't pull that buyer.

An advertisement in the DEMOCRAT-FORUM reaches the people you are after.

Bills may be a necessity, but the advertisement is the thing that does the business.

Don't think of having a sale without using advertising space in the DEMOCRAT-FORUM.

FOR THE DEMOCRAT-FORUM HAS A TOTAL DISTRIBUTION OF OVER 3500.

AND ONLY ONE EXTRA BUYER USUALLY PAYS THE EXPENSE OF THE ADVERTISING.
